"You can't build a reputation on what you are going to do."
~ Henry Ford

MAY 26TH, 2014 VOLUME 2 EDITION 21

A UNIQUE BLEND OF TALENT SUPPORTING WINDSOR HOSPITALS

The Passion for Healthcare Concert taking place on June 12 at the Capital Theatre is a unique blend of talent coming together to support both Hôtel-Dieu Grace Healthcare and Windsor Regional Hospital.

The show bill will feature Sami Tayfour, 11 year old son of Dr. Fouad and Lisa Tayfour who has shown remarkable talent in the public eye. He is a young, amazing individual who sings with passion and persistence.

The middle act is the renowned Tragically O'Hip under the musical direction of Dr. Len Cortese. This band of physicians and staff include Dr. Rick Ward, Dr. Andrew Rajan, Dr. James Gall, Dr. Ken Schneider, Dr. Olu Omoseni, Dr. Brian Burke, Mary Lou Cortese, Mary-Anne Roy and Nicole McCarty. They performed last fall in concert to a sold out audience and the reviews are still coming in. It was said to be the biggest thing since Woodstock '69!

The feature act is The Brilliancy, an energetic pop/rock group who bring a warm sound of inspirational, upbeat lyrics. The Brilliancy was described by multi Juno Award Winning-Grammy Nominated Producer, Gavin Brown as "a group combined of everything you want in a band...great songs, cool sound, hard work and determination." They have produced a debut EP release, a six-song self-titled EP that sounds like a modernized version of The Eagles.

See ad to the right. Tickets only \$15 each (all ages).

ON AIR TO ANSWER QUESTIONS

They are becoming regulars in the AM800 studios! Earlier this month, the Co-Chairs of the Program and Services Steering Committee for a new hospital, hosted a Town Hall broadcast on AM800. This week, as the process of site selection gets underway, they are back in the studio

to take calls, answer questions and find out what the public thinks is important to consider when choosing a location.

Catch hospital CEO David Musy and Dave Cooke, live with host Lynn Martin on AM800 this Tuesday, May 27, at 9 am. You can also listen online at www.am800cklw.com.

SOP With Candy Sushi, Snacks & Tea

Who knew the Standardization and Optimization Process (SOP) could be this much fun? Earlier this month the team from KM&T invited staff to visit their newly set up headquarters in the Health Science Library at the Met Campus and the Amherstburg Room at the Ouellette Campus. The team is overseeing the SOP at the hospital, and took the opportunity to meet staff, answer questions and explain the process and how it works. If you missed your opportunity to meet the team - or still have questions about the process, visit www.wrhop.ca.

COMPASSION is our
PASSION

DID YOU KNOW?

Windsor was the first Canadian city with an electric street car system, which was introduced in 1886. Other Canadian cities soon followed suit, with St. Catharines in 1887 and Toronto in 1889. Although initially the track spanned only a small portion of Windsor along the Windsor-Detroit waterfront on Riverside Drive, the service was expanded with an extension south along Ouellette Avenue in 1893. No doubt it was to provide access to Hôtel-Dieu Hospital.

Frontline Tribune is a Publication of the Public Affairs/Communications Department of Windsor Regional Hospital. Information/submissions can be made to frontlinetribune@wrh.on.ca or by calling ext 33350 (Ouellette Campus) or call ext 52003 (Metropolitan Campus). Staff pictures on the front are:
