St. John The Baptist Students Pay It Forward!

Grade 7 and 8 students of St. John The Baptist School in Belle River held a dance recital and other fundraising events, raising \$600 for Paediatric Services at the Met Campus.

With hip hop music in the background and great choreography, front and centre, enthusiasm was the order of the day when several students provided an exciting and entertaining dance review during an assembly before the entire school body on June 16th, 2014.

"The energy of the students performing and displaying their talent, along with raising funds for children in the hospital was impressive," stated Ron Foster, representing Windsor/Essex Hospitals Foundation. "These students are the leaders of tomorrow and by 'paying it forward' now, they set the stage to give back to their community in the future".

St. John The Baptist School students presenting their \$600 donation to Paediatric Services at Windsor Regional Hospital.

The use of gloves for the care of patients with *C. difficile* infection minimizes hand contamination and has been shown to reduce transmission of *C. difficile*. Effective hand hygiene is essential to limit the spread of *C. difficile*. Hand hygiene may be performed with either alcohol-based hand rub (ABHR) or soap and water.

Above & Beyond Summer Special

As you are aware we have a staff appreciation program called **Above and Beyond** that has been nationally recognized.

If you receive this recognition, the practice we promote, as much as possible, is for your recognition to be announced by your direct supervisor at a staff meeting. In addition, if you receive an Above and Beyond recognition medal, you can exchange each one for various small tokens of appreciation. Visit the WRH Intranet for more information.

Starting now until the end of August we are providing a "special" exchange promotion. Bring in one token to the Human Resources office at either Met or Ouellette Campus and you will receive \$30.00 in Cineplex Odeon gift cards!

For more information contact Nadia Heddad, Ouellette Campus, ext. 33023 or Laura Carcelen, Met Campus, ext. 52330.

Ouellette Emergency Department Upgrade

Renovations to address long-standing issues in the Emergency Department at the Ouellette Campus have been completed, with several key changes that improve patient comfort and efficiency. The most noticeable change was to the Triage Registration area.

There is now a parallel triage-registration area where patient information is completed in the same area, eliminating extra steps previously in place.

"The changes create an overall better ER experience for the patient, improving safety and reducing wait times," said Dr. Donald Levy, Chief of Emergency Medicine at the Ouellette ER.

Another key change is the addition of a second Rapid Medical Evaluation (RME) exam area, a pilot that began in 2011, assisting with lower wait times and increasing patient satisfaction for patients whose condition requires a quick review or can be dealt with rapidly.

EXCLUSIVE 20% BUYER / SELLER CASH BACK PROGRAM
Available only to Windsor Regional Hospital employees!

TEAM LAZZARIN

ROYAL LEPAGE
Binder Real Estate
BROKERAGE
INDEPENDENTLY OWNED AND OPERATED

OUR MISSION:
