

Happy Birthday City Of Windsor

As part of celebrating the 126th birthday of the Corporation of the City of Windsor, BB Branded, with locations in Devonshire Mall and Downtown Windsor promoted their Win City logo by donating 'onesies' to newborns at Windsor Regional Hospital.

Ayad Saddy, owner of BB Branded visited the Met Campus recently and presented a Win City onesie to newborn, Xavier, who came into the world, weighing in at 8.3 pounds. A dozen more were left to be distributed to newborns.

#RECIPEOFTHEWEEK

Potato Salad

Makes 6 servings / Preparation: 15-20 min
Cooking Time: 15-30 min

INGREDIENTS

- 2 tbsp walnut pieces (optional)
- 1 tbsp tarragon or cider vinegar
- 2 tsp Dijon mustard
- 2 tbsp olive oil
- 2 tbsp walnut oil
- 1 tsp runny honey
- flaked sea salt and freshly ground black pepper
- 900g/2lb new potatoes, washed or scrubbed
- 1 tbsp chopped fresh tarragon leaves
- 1 large shallot, finely chopped
- 2 tbsp chopped cornichons or gherkins (optional)

DIRECTIONS

If you're using the walnuts, place in a hot oven (about 200C) for a few minutes until beginning to colour slightly. This gives a fresher, less bitter flavour to the nuts. Place the vinegar, mustard, oils, honey and salt and pepper in a screw-top jar or in the bowl of a small hand blender. Shake or blend well until creamy. Add more seasoning if preferred. Cook the potatoes in boiling salted water for about 15–20 minutes, until just tender. Drain well and, when just cool enough to handle, cut into halves or quarters, if quite large. Place the potatoes in a mixing bowl with the tarragon, shallots, cornichons or gherkins and walnuts, if using, and toss in as much or as little of the dressing as you want. Serve just warm or, if you're not eating straight away, refrigerate and return the salad to room temperature before eating.

NUTRIENTS Per Serving

Calories: 220; Protein: 4g; Total Fat: 11g; Carbohydrates: 25g; Sugar 3.5g; Fibre 3g; Sodium 140mg

New Technology At Ouellette MDRD

A new Web-based asset management software program for tracking instrumentation was introduced this spring at the Ouellette campus Medical Device Reprocessing Department (MDRD).

"Alex Gold" is used for tracking and scanning all instruments for particular patients and their particular surgery.

The software reduces the opportunity for errors on instrument sets and also its barcode scanning technology allows for quick entry and identification of instruments. It also tracks instrument usage, and identifies missing instruments.

Other features include:

- Inventory of instruments, instrument sets, including quantity, manufacturer, clinical name and location;
- Instrument set processing instructions to provide quality assurance.
- Vendor information stored electronically;
- Ability to build and track case carts from dispatch to the OR;
- Proper sterilization methods are being used while maintaining biological records electronically; and
- Improve staff productivity.

For more information, contact **Julie Girard, Operations Manager, MDRD** at **ext.52749** or **julie.girard@wrh.on.ca**.

Insurance Brokers Support Paediatric Metabolic Clinic

For 41 years, the Windsor and Essex County Insurance Brokers Association have held an annual underwriters night to raise funds for their community. This year, they selected the Paediatric Metabolic Clinic at the Met Campus to donate \$1,500. Type 2 diabetes affects hundreds of youth in Windsor and Essex County where the funds will assist with education and client activities.

The ultimate responsibility for ensuring a clean surgical environment rests with the perioperative Registered Nurse. OR cleaning must be performed by trained staff.

T2B Comfort Care Totes

A new program was delivered to the Windsor Regional Cancer Program when Transition to Betterness in coordination with the Stephanie and Barry Zekelman Foundation donated a number of Comfort Care Totes for chemotherapy patients.

"I know firsthand the effects that cancer treatment can have on your body," said Michelle Prince, friend of T2B and a proud contributor to the Comfort Care Tote.

Some of the items in the tote bag include a blanket and socks, lip balm and moisturizer, beverage bottle, ginger chews, herbal tea and a journal.

"Each item was thoughtfully selected by amazing contributors who have been through their own personal journey with cancer and learned what was needed from their experiences," said Stephanie Zekelman.

T2B offers more than 20 programs in Windsor-Essex County and strives to provide comfort for those undergoing treatment for cancer and other life-threatening illnesses.

Displaying Generosity

The Windsor Cancer Centre Foundation made a significant contribution to the Windsor Regional Cancer Program recently to display the level of accomplishment the Cancer Foundation has achieved on behalf of raising funds for patients receiving care in the cancer program. The \$138,946 supports chemotherapy ambulatory pumps and at home services for cancer patients.

Road Work Complete On Goyeau St.

Thank you to everyone for your patience during the road construction work which took place on Goyeau Street this month outside Ouellette campus. The weather cooperated (mostly) and the work was done within a week!

Thank you to the City of Windsor for the efficient work and the construction crews for helping minimize the traffic disruptions to patients, visitors and all of those who went to work or volunteered at the hospital last week.

Photo above: View looking down Goyeau Street with newly paved road.
