## ProsperUs

Windsor-Essex is taking on the challenge of making sure every child in our region has an opportunity for success through a new community initiative that WRH is proud to be part of.

ProsperUs is a "Cradle to Career" vision to give children in Windsor-Essex the opportunities they need to succeed and unlock their potential. "Cradle to Career" encompasses supporting children from before they are born through pre-natal health for moms all the way through to landing their first job as a young adult.

Support and contributions to ProsperUs comes from a collective of local non-profit, government, health care, education, labour, business, and inspired residents. The 30-plus organizations that are part of the ProsperUs collaborative to date are all pooling new money, time and talent, demonstrating that this is more than a traditional collaboration. Many of them expressed their 'all in' support at the media event, including the city's mayor, the county's warden, leaders from local school boards, hospitals, business, labour, and the social services sector. The collaborative will collect and share data and measure shared targets that will drive at improving outcomes for vulnerable children and youth.

From a WRH perspective, "being there from the cradle and even before then, WRH will partner to provide support that children in our community desperately need and deserve to have a clear path to economic prosperity through family, education and community support and opportunity," said President and CEO David Musy.

The work of ProsperUs will be backboned by United Way/Centraide Windsor-Essex County, which will provide the organizational support to drive the ProsperUs vision forward.

"With the wholehearted support of our Board and our donors, United Way is making a long-term commitment to the Cradle to Career vision and will be shifting our entire organization to drive toward innovative solutions that will help kids achieve their dreams and reach their potential," says Lorraine Goddard, CEO of United Way. "It's important for us to level the playing field for children across neighbourhoods in our community. The reality is that some kids need a head start to reach the finish line. United Way is grateful to stand shoulder to shoulder with so many amazing community partners."

ProsperUs plans to report back to the community next spring on the specific, multi-year goals that will turn its vision for a prosperous, healthy community into a reality. To stay up-to-date on future announcements and community consultation dates, visit [www.weunlockpotential.com](http://www.weunlockpotential.com) or follow ProsperUs on Twitter and Facebook (WEProsperUs).

Remember that our United Way campaign continues this month! Look to your email with further information about pledge cards and how donating as little as \$1 a paycheque can make a difference!

Many infectious diseases common in prior generations, like polio and measles, are less common today as a result of vaccines.

These include: diphtheria, Haemophilus influenzae type b (Hib), hepatitis A and B, human papillomavirus (HPV), influenza (flu), measles, meningococcal infections, mumps, pertussis (whooping cough), pneumococcal Infections, polio, rotavirus, rubella, tetanus, and varicella (chickenpox).

## First Physician To Champion Nephrology

Windsor physician, Dr. Richard Johnson, who recently passed away, was the first doctor in Canada to establish a Chronic Renal Dialysis Program at the former Salvation Army Grace Hospital in Windsor. The year was 1964 when, Dr. Johnson treated the first patient with Acute Dialysis at the Grace site.

Dr. Johnson attended Patterson Collegiate High School in Windsor before going to Queens University for Medicine, graduating in 1955. He returned to Windsor, completing his internship and residency through Wayne State University while working at the Detroit Receiving and Detroit City Hospitals. His practice in Internal Medicine and Nephrology opened in Windsor in 1960. At the time when Windsor had four hospitals (Metropolitan General, Windsor Western Hospital Centre; Hôtel Dieu Hospital of St. Joseph and the Salvation Army Grace Hospital), Dr. Johnson had active privileges at all four of them, serving as Chief of Medicine and Chief of Staff at the Grace Hospital until 1992.

He was Past President of Essex County Medical Society and Life Member of the Ontario Medical Association, along with serving on several Committees.

Dr. Johnson will be remembered as a dedicated doctor within the professional staff roster who cared deeply for his patients and his profession.

On a personal note, Dr. Johnson was an avid boater, serving as the Past Commodore of the Windsor Yacht Club. He and his wife, June spent many cruises on his boat, Camelot.

The Windsor Regional Hospital Foundation is pleased that the family selected the Renal Dialysis Program, now based in the Bell Building and Jeanne Mance Building, as the beneficiary of memorial donations in memory of Dr. Richard Johnson, its founder.

*New Renal Dialysis*

Dr. Richard Johnson, 1931-2018

## VENDORS ON DISPLAY SEPTEMBER 24 - 28, 2018

**Met Campus:**

## Team Clean Shines Again

The Ouellette Campus surroundings received another clean sweep when a team from Fiat Chrysler Association (FCA) volunteered to spruce up the campus. Hearing about the initiative through Volunteer Services, several members from FCA cleaned cigarette butts, discarded coffee cups and other refuse.

Team Clean volunteers and staff have been active throughout the summer months, ensuring the Met and Ouellette campuses received the attention they deserve and required related to keeping the property clean.

A 'shout out' to the FCA team and all of the volunteers and staff who participated in Team Clean 2018! You made us look "pretty".

## What A Girl's Night Out In Handbag Heaven Can do

The Do Good Divas, famous for their annual purse gala rose to the occasion and, again, provided funding to the Windsor Regional Hospital Foundation to refurbish a Patient Lounge on 7 West, Ouellette Campus. A former storage area, the room has been upgraded with new flooring, fresh paint, modern furniture, artwork and a digital television.

"The Do Good Divas patient and family lounge will certainly be appreciated by all due to the limited visiting space available in patient rooms," stated Ralph Nicoletti, Vice President, Medicine and Emergency Services at Windsor Regional Hospital.

Now in their 12th year of hosting the annual gala, the Divas have raised over \$500,000 on behalf of the community. "Our group is very proud of the many projects we have completed to benefit the care and comfort of patients and their families," said Gale Simko-Hatfield, President of Do Good Divas.

The 'Girl's Night Out In Handbag Heaven' event takes place Thursday, October 25 at the Caboto Club. Tickets are still available at [www.dogooddivas.com](http://www.dogooddivas.com) or call Gale at 519-735-0211.

Do Good Divas Committee includes: Cheryle Lovell, Jana McQuarrie, Gale Simko-Hatfield, Vickie Granger, Lindsay Lovecky and Michelle Scott.

## DONATE MEN'S COATS TO SPIRITUAL CARE

As we begin to approach the winter season there are many patients that may be leaving our hospital that do not have adequate clothing to keep them warm.

The Spiritual Care department is requesting your assistance to help support our patients in need of men's warm jackets and coats when leaving the hospital. If you have any new or gently used jackets/coats that you would be willing to donate to the cause, please bring them to the Spiritual Care Department at the Ouellette Campus.

In keeping with our current policy and to minimize infection control issues, all used coats will be dry cleaned. Thank you for any support you can provide.

Coats can also be dropped off at the Public Affairs/Foundation offices at either the Met or Ouellette Campuses.

For more information please contact Marlene Bafaro at 519-254-5577 ext.33180 or by email [marlene.bafaro@wrh.on.ca](mailto:marlene.bafaro@wrh.on.ca)

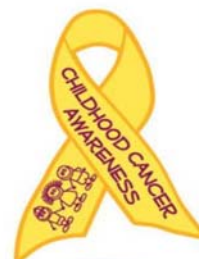

Wednesday, September 26th

11am to 12pm

## Childhood Cancer Awareness Month Event

Windsor Regional Hospital  
First floor  
next to Gift Shop

Celebrate Childhood Cancer Awareness Month with our community partners, staff and oncology families. This event is intended to raise community awareness about childhood cancer. We will be having fun activities, refreshments & guest speakers. We hope to see you at our event to help us spread awareness about childhood cancer in our community.

## EPHSI Promotion- WRH

The Executive Program in Health System Innovation is gearing up for the Fall 2018 Cohort. This immersive 3-day course (split over 2 sessions) is led by Dr. Anne Snowdon of the World Health Innovation Network and hosted by TransForm and the ESC LHIN. This program is designed for health system executives, innovative thinkers, and health system leaders.

The program's rigorous curriculum will cultivate more innovating thinking while ensuring successful implementation of current and future projects. The program will be held on November 15th & 16th and December 10th in Chatham or Windsor (TBD). There is no cost to participate; however, travel expenses (if applicable) are not covered. Applications are due on October 15th. To access the information and application package, visit the link below:

<https://www.transformssso.ca/healthinnovation#.W6JV0WhKJLU>

## Update On United Way Campaign

The WRH United Way Campaign has been in full swing since launching on September 12th. Thanks to you, the campaign has raised over \$18,000 to date. Congratulations to Karen Denomme, SOP, who has won the Early Bird Draw (\$600 in gift cards)!

Because of your generosity, United Way is able to support over 52,000 people across Windsor and Essex County, helping to improve the lives of children, families, seniors and, strengthen priority neighbourhoods.

# #RECIPEOFTHEWEEK

## Apple-Pecan Upside-Down Cake

Makes 12 servings / Prep: 20 min / Cooking: 25-30 min

### INGREDIENTS

- ¼ cup butter
- 2 eggs
- 2 tsp ground cinnamon
- ¼ tsp salt
- ¼ cup granulated sugar
- ½ cup coarsely ground toasted pecans
- ½ teaspoon finely shredded lemon peel
- 3 cups thinly sliced apples (such as Golden Delicious)
- 12 thin apple slices (optional)
- Frozen light whipped dessert topping, thawed (optional)
- Nonstick cooking spray
- 1 cup all-purpose flour
- 1 tsp baking powder
- ½ cup packed brown sugar
- 1 teaspoon vanilla

### DIRECTIONS

Let butter and egg product stand at room temperature for 30 minutes. Meanwhile, line a 9x9-inch baking pan with foil. Coat foil with nonstick cooking spray; set aside. In a small bowl, stir together flour, cinnamon, baking powder, and salt; set aside. Preheat oven to 350°F. In a medium bowl, beat butter with an electric mixer on medium to high speed for 30 seconds. Add brown sugar and granulated sugar, beating on medium speed until combined and scraping bowl as needed (see Tip). Beat on medium speed for 2 minutes more. Beat in egg and vanilla. Add flour mixture; beat until combined. Stir in pecans and lemon peel. Arrange the 3 cups apples in prepared pan; spoon pecan mixture over apples and spread evenly (batter will be thick and may not cover all the apple pieces). Bake 25 to 30 minutes or until a toothpick inserted near the center comes out clean. Cool in pan on a wire rack for 5 minutes. Invert onto a serving platter; carefully remove foil. Serve warm. If using the thin apple slices, cook 12 apple slices in a small amount of boiling water about 1 minute or just until tender; drain well and pat dry with paper towels. If desired, top individual servings of cake with the cooked thin apple slices and/or light whipped dessert topping.
