Alcohol based hand rub should be provided for patients and visitors to reduce the risks of environmental contamination with respiratory viruses, gastrointestinal viruses and antibiotic-resistant organisms. Patients should be encouraged or assisted to perform hand hygiene after toileting, before leaving their room or prior to eating.

## HDGH Launches Awareness Campaign

As a non-acute service provider in the region, Hotel-Dieu Grace Healthcare (HDGH) launched a marketing awareness 'Changing Lives Together' campaign, a brand that will accompany their logo in the future.

The marketing awareness is to assist the region to become more familiar with the non-acute services provided by HDGH at the Tayfour Campus on Prince Road. Their core services include specialized mental health and addictions, rehabilitation services, complex continuing care, palliative care and, children and youth mental health services.

"The front line staff have always been the shining light at the Tayfour Campus. Now the renovations have caught up to the staff to make a completely positive environment for patients and families." stated David Musyj, President and CEO of Windsor Regional Hospital. "Reaching out and connecting with partner healthcare organizations through this campaign is exactly what was at the heart of the realignment process envisioned by both organizations two years ago. Hotel-Dieu Grace Healthcare's team continues to provide amazing care for our community."

## Leadership Starts Here

Leadership Windsor/Essex, based at United Way Centraide is one of 22 Leadership programs across Canada. The core program promotes and encourages outstanding community leadership by developing the leadership capabilities of citizens who care about the community. Many of those citizens are Windsor Regional Hospital staff who took the initiative and applied to make a personal investment to improve our community's quality of life.

Congratulations to the recent graduating class. These individuals from Windsor Regional Hospital have achieved another level of knowledge and experience as a result of their commitment to leadership training.

## You've Got Mail

Do you have a 'wrh.on.ca' email address but cannot access that email from home or your iphone, android or blackberry?

Increasingly, email is a key activity for communications in organizations. Windsor Regional Hospital is pleased to announce that email access will soon be available to all WRH staff including employees and professional staff remotely!

This means that all staff will have the ability to access their email from home or from a smart phone at any time, 24 hours a day, 7 days a week at their convenience. Stay tuned for more information soon!

## Nevada Tickets Earn Revenue For Windsor Regional Hospital

How can such a small amount of money make such a huge difference? Windsor Regional Hospital makes this possible by offering Nevada tickets in order to assist the community getting involved for a small price. Nevada tickets started at decades ago at the Tayfour Campus when it was Windsor Western Hospital Centre.

Met Campus Auxiliary had also been selling Nevada tickets for many years prior. The tickets are similar to the games of bingo and raffles where the funds are used to assist with medical equipment purchases. Nevada tickets, through licenses from the City of Windsor and the County of Essex are sold under guidelines and policies. These sales are one of the many products provided by OLG (Ontario Lottery and Gaming Corporation) where they have given back over \$1.8 billion to Ontario hospitals.

With revenue from Nevada tickets sales at both the Met and Ouellette Campus, essential medical equipment has been purchased and will continue to be as a result of Nevada ticket sales continuing.

## Ultimate Mixed Bean Salad

Prep Time: 15 minutes

Cook Time: 5 minutes

### INGREDIENTS

- (8 oz) green beans, trimmed
- (8 oz) yellow beans, trimmed
- (1 cup) soy or edamame beans
- 1 can (19 oz) chickpeas, drained
- 2 stalks celery, thinly sliced
- 2 green onions, sliced
- (1/4 cup) apple cider vinegar
- (1 tbsp) canola oil
- (1/4 cup) each chopped basil and parsley or mint
- 1 red bell pepper, chopped
- (1 tbsp) Dijon mustard
- 1/2 tsp fresh ground pepper

In a saucepan of boiling water, cook green and yellow beans and soy beans for 3 minutes, drain well and rinse under cold water to chill. Cut green and yellow beans into 5 cm (2 inch) pieces. Set bean mixture aside. Meanwhile, in a large bowl, combine chickpeas, celery, green onions and red pepper. Add bean mixture to bowl. In a small bowl, whisk together vinegar, mustard, oil and pepper. Pour over bean mixture and toss to coat. Add basil and parsley and toss. Makes 8 servings.

You choose the beans. If you prefer, use all green beans or all yellow beans. If shelled soy beans are not available use lima beans or 250ML (1 cup) of your favourite sodium reduced canned bean, drained and rinsed. Little chefs can help trim the beans using their hands to snap off the ends. They can also whisk the dressing together. This salad keeps on giving. Make ahead, cover and refrigerate for up to two days. Pack some salad with a handful of cheese and crackers for a quick and easy lunch.
