Detroit Tiger Organization to visit WRH

On Monday, October 29, 2007 the Detroit Tigers organization is coming to Windsor Regional Hospital. The site visit will assist them in deciding whether to have their caravan of players visit in January/February 2008. All staff are invited to participate on October 29, 2007 by wearing their own 'Tiger gear' in an effort to put our best foot forward. Visits to Michigan area hospitals have proved to be great fundraising/community awareness events. Please help us show that we would be an excellent location for them to visit! **(Please note new date!)**
