## Food Drive

Windsor Regional Hospital will be participating in a city-wide food drive this year. From Monday, December 3rd to Wednesday, December 14th, donations of canned goods and non-perishable food items will be collected at both Campuses. Drop off locations are the Welcome Desks at the Met and Tayfour Campus (Malden Park Building). Donations will be support the Unemployed Help Centre which services the 42 food banks in Windsor and Essex County.

## Parking at the Met Campus

Staff are reminded that Parking in the “Mothers with Babies” lot and Handicapped Lot is not acceptable **at any time**. These lots are reserved for patients with specific needs 7 days a week. Despite repeated requests, this practice continues and patients who could use these parking spots are unable to make use of them. In the future, these lots will be monitored by cameras. Serious consequences will result in those who continue this practice.

## Breakfast at Louie’s

Everyone is invited for breakfast at Louie’s (4728 Wyandotte St. E.) on Monday, December 10 and Monday, December 17 from 8 am to Noon. Breakfast is free (2 eggs any style, home fries, toast and coffee); however, donations to the Windsor Regional Hospital Foundation’s *Cornerstone of Caring* Campaign will be accepted. See you there!!!

## Save the Date—Spa Day 2013

Look forward to the 2013 Spa Day which will be held on January 21st, 2013. WRH staff at both campuses will be treated to an array of services and products.

## Nutty Bavarian to Visit WRH

To celebrate the Holidays, the Nutty Bavarian will provide samples to staff on Thursday, December 13 (2 pm to 4 pm) in the Met Auditorium and Friday December 14th midnight to 2 am and 2 pm to 4 pm in the Rehab Room at Malden Park. Alternatives are available for those who have nut allergies. All staff are asked to be cognizant of those who may suffer from allergies.

### Did you know?

When you hear ‘*Lean on Me*’ overhead, it is a signal to remember Windsor Regional Hospital’s goal to provide ‘compassionate care’. Patients can be vulnerable and must ‘lean on us’. Efforts are underway to improve patient satisfaction specifically in the area of ‘emotional support’.
