WRH COVID-19 Hospitalization Rates

To Access Paxlovid:

Any primary care or specialty care practitioner determines eligibility and completes standard prescription.

Links below are for prescription, participating pharmacies and newest qualification guidelines if needed (all available on WRH website)

<https://tools.cep.health/tool/covid-19/#new-guidance-for-the-prescription-of-nirmatrelvir-ritonavir-paxlovidtm>

<https://covid-19.ontario.ca/covid-19-antiviral-treatment>

If they feel their patient qualifies for Remdesivir and they are willing to accept the therapy they can complete the referral form for the WRH mAb clinic team to review

[https://www.wrh.on.ca/uploads/COVID19/COVID-19 Monoclonal Referral Form.pdf](https://www.wrh.on.ca/uploads/COVID19/COVID-19_Monoclonal_Referral_Form.pdf)

And email it to WRHmAbclinic@wrh.on.ca

A member of the clinical team will review and advise if patient qualifies. If patient qualifies we will call them and book an appointment at the AC.
