PATIENT & FAMILY ADVISORY COUNCIL

The Patient Family Advisory Council (PFAC) brings patients/families together with hospital leaders. The goal is to allow patients/families to have direct input and influence on policies, programs, and practices at Windsor Regional Hospital (WRH).

WRH recognizes and appreciates the stresses and challenges experienced by patients and families. By giving patients/families direct input we can determine how best to support them during their time at WRH.

Scan the QR code for PFAC application which can be found on the WRH website

COMPASSION is our
PASSION
